

Hospital Case Manager's & Discharge Planners

The Aging of America...

- In 2011, more than 8,000 Americans will turn 65 by the end of that year; the senior population in America will reach almost 49 million.
- The U.S. Census Bureau projects that the population age 85 and older could grow from 5.3 million in 2006 to nearly 21 million by 2050.

How we can help you...

As a preferred provider of in-home care services for over 11 years, Home Companions Senior Care ensures that your patient's needs are met competently. Home Companions Senior Care staff can be there to help them adjust after a hospital stay and to keep them home – safe, healthy and independent.

Home Companions Senior Care provides personal services, so your patient's can enjoy safe everyday living in their own homes. They can remain in control of their own schedule and quality of life.

Reduce Repeat Hospitalizations

- Help keep your discharged patients safely at home, eliminating the risk of a repeat hospitalization

Having someone else in the home with an elderly patient has proven to help decrease falls and other injuries that may occur if they were left alone. Home Companions Senior Care will be that added safeguard to keep them safe and comfortable, and minimize in-home accidents.

Security for the Patient, Peace of Mind for the Family

Home Companions Senior Care can be in the home at any scheduled time, when you cannot be there. This ensures peace of mind for family members that their loved one will never be left alone.

- Services can be scheduled from as little as 4 hour shifts to 24/7
- Assistance with Medication
- Hospital sitting available, particularly for family respite

Companion & Homemaking Assistance

Patients with physical limitations may need in-home assistance that is not covered by Medicare home health or hospice services. We can provide homemaking assistance on the patient's schedule, including:

- Light housekeeping, laundry, taking out trash
- Meal planning, grocery shopping, cooking
- Errands, shopping
- Activities, socialization, pet care, etc.
